

Education

Our main education pages are at www.edrep.org but are slowly moving here. Shortcut to this page: **edren.org/resources**. The resources listed here aim to create a renal curriculum. You'll need to supplement it with good clinical experience and excellent teachers. Levels: xxxxxxxx

You might also want to see our [Textbook](#) - your first 3 minutes on key topics, as an introduction or in clinic just-in-time; and to try your hand on these **Renal cases**: Level A (starter); Level B (main course); Level C (with sauce)
